YOUTH EMPOWERMENT: CHANGING THE WORLD AROUND US!

Kusadasi, Turkey

22-30 MARCH 2023

ORGANISATION JUBUK

BY: AMAL BACHIRI AZZAOU

COUNTRIES THAT TOOK PART OF THE PROJECT:

ABOUT THE PROJECT

To increase participant's understanding of:

- **the concepts of visualization and communication by the visual language of photography;**
- **roots, forms and consequences of social exclusion, discrimination, and stigmatization:**

To develop participant's competences to use photography as a tool of:

- **Expressing own ideas, talking about issues that matters to them**
- **Addressing the issues of social exclusion, discrimination and stigmatization in their societies.**

To empower participants to:

- **Address issues that matters to them**
- **To be actively involved in life of their communities by communicating and creating photo messages;**

To develop the participant's:

- **teamwork, communication, creative and photography competencies**

Erasmus+

TESTIMONIALS

I firmly believe that the most beautiful way to grow as a person is by getting to know new people, perspectives, stories, cultures, and the Erasmus programs provide exactly these things to the youth. I had the opportunity, and indeed the honor, to take part in such a program and I can say that it gave me, in just two weeks, more than perhaps an entire year of life could have offered. Having the chance to meet so many people, nationalities, unique souls in a country other than your own, is extremely valuable, which is why I warmly recommend everyone to participate at least once in their life in this type of experience.

MANUELA SECARĂ

All of the participants made the project unforgettable, we had the opportunity to have deep conversations, laugh and learn from each other at the same time. The opportunity to meet people from different countries and with totally different backgrounds is very enriching and I would definitely repeat it!

TESTIMONIALS

AMAL BACHIRI AZZAOUJ

Participating in an Erasmus program has been a life-altering experience for me. In just a short period, it offered more personal growth and meaningful connections than I could have ever imagine. Meeting people from diverse cultures and backgrounds in a foreign country was truly priceless. Not only did I have the opportunity to immerse myself in a new culture, but also explore other cities that left me in awe. The richness and beauty of the culture amazed me beyond words. I wholeheartedly encourage everyone to seize the opportunity to embark on an Erasmus adventure at least once in their lifetime. It's an extraordinary privilege that has gifted me with friendships and indelible memories!

Hi! I'm Rachel and I was one of the participants of this amazing project. For me it was crazy because three months ago Turkey was in my bucketlist but more in a long term way. It was such a different and enriching experience that it is now in my top 2 visited countries. We made an incredible team and some activities were very entertaining and different; I particularly loved the session where we cleaned the beach and the sign language class. I will take this experience with me forever!!
